About PixelBotix Eduverse

PixelBotix Eduverse is the learning and innovation platform of PixelBotix Technologies Pvt. Ltd., dedicated to delivering industry-oriented skill development programs. While rooted in robotics, AI, and emerging technologies, Eduverse also empowers learners with career-focused professional courses in business, finance, and digital technologies. Our hands-on, expert-led training bridges the gap between academics and industry, enabling students, professionals, and entrepreneurs to build practical, job-ready skills.

About This Course

The Practical Accounting & Taxation Program is designed to bridge the gap between classroom learning and real-world industry requirements. Through hands-on training, practical assignments, and real-world case studies, students develop job-ready skills in Accounting, GST, Income Tax, TDS, Payroll, and Financial Reporting, preparing them for successful careers in CA firms, corporate organizations, and the finance industry.

Mode of Training

01

Self paced Online

Learn at your own pace, anytime & anywhere with lifetime access.

02

Online live Session

Interact live with expert trainers in real-time from the comfort of your home.

03

Offline Session

Attend in-person classroom sessions for a focused and immersive learning.

04

Offline cum Internship

Gain practical exposure through internships along with offline training.
